

# Let Love In

Goo Goo Dolls

---

**Bm** **D/F#** **Asus** **A/E**  
You wait, wanting this world to let you in  
**Bm** **D/F#** **G** **D**  
And you stand there a frozen light In dark and empty streets  
**Bm** **D/F#** **Asus** **A/E**  
You smile hiding behind a God-given face  
**Bm** **D/F#**  
But I know you're so much more, everything they ignore  
**G** **D**  
Is all I need to see.

## CHORUS

**D** **G**  
You're the only one I ever believed in, the answer that could never be found  
**Bm** **A** **G**  
The moment you decided to let love in  
**D** **G**  
Now I'm banging on the door of an angel, the end of fear is where we begin  
**Bm** **A** **G** **Bm**  
The moment we decided to let love in

## VERSE #2

**Bm** **D/F#** **Asus** **A/E**  
I wish, wishing for you to find your way  
**Bm** **D/F#** **G** **D**  
And I'll hold on for all you need - that's all we need to say

**Bm** **D/F#**  
And I'll take my chances while You take your time with  
**Asus** **A/E**  
This game you play  
**Bm** **D/F#**  
But I can't control your soul, You need to let me know  
**G** **D**  
You leaving or you gonna stay

## BRIDGE

**Bm** **D/F#**  
There's nothing we can do about, the things we have to do without  
**A** **G**  
The only way to feel again is let love in
